client spotlight:
CORPORATE GIFTING

K Raheja Corp

K Raheja Corp, a distinguished entity in India's real estate and business landscape, has extended its commitment to social responsibility by partnering with Boxes of Goodness.

Starting with a festive gifting collaboration last year, our partnership grew to include a sustained gifting program for their Bangalore properties. This collaboration has since developed into the curation of theme-based monthly gift hampers that actively support women's empowerment initiatives in Maharashtra and Himachal Pradesh.

Over the past year, K Raheja Corp's consistent dedication to these causes via corporate gifting has made a meaningful impact. These specially designed hampers, aligned with values of women's empowerment, sustainability, and ethical sourcing, reflect the group's commitment to positive social development.

This collaboration transcends transactional ties, representing a shared ethos between K Raheja Corp and Boxes of Goodness. It showcases the fusion of corporate excellence with social responsibility, illustrating how businesses can be powerful agents for positive change.

The partnership stands as a testament to the belief that corporate gifting can serve as a transformative avenue, contributing to societal well-being, one thoughtful gift at a time.

client spotlight: FESTIVE GIFTING

JBCN Education

This Diwali, Boxes of Goodness embarked on a thoughtful journey of sustainable gifting for over 500 of their teachers at 2 branches of the JBCN Schools in Mumbai.

These gifts were specially curated to make the teachers feel special by curating unique but usable products, that celebrate the festive season along with being eco-conscious in nature.

Each box contained items meticulously chosen to echo the values of sustainability and ethical living. Bamboo pens, a symbol of renewable resources, found their place alongside a coconut shell mobile stand, turning everyday accessories into sustainable statements. The inclusion of a plantable seed paper diary encouraged not only the documentation of thoughts but also the growth of new life. The tea selection was sourced from an ethical brand, reinforcing the idea that every sip could be a step towards positive change.

Through this Diwali gifting initiative, Boxes of Goodness demonstrated that celebrations can be both joyous and mindful, spreading not only the light of Diwali but also a commitment to a greener, more sustainable future.

“ This year’s Diwali gifts by Boxes Of Goodness, distributed to 500+ teachers at two of our schools in Mumbai, were met with widespread appreciation. The part we loved the most was the environmental consciousness of the products, such as the unique mobile desk stand which was up-cycled from coconut waste. The teachers were particularly impressed by the gifts’ commitment to sustainability, evident in their eco-friendly paper and jute packaging and thoughtful selection of sustainable products. Boxes Of Goodness helped curate a gift that showed our gratitude for the educators’ hard work but also highlighted the importance of environmental consciousness.

-- Nilesh Vedi, Head - Administration
JBCN International School

client spotlight: BRAND MERCHANDISING

KappaX

Boxes of Goodness collaborated with tech company KappaX, providing distinctive branded merchandise for their international clientele at conferences and events.

Our curation focused on sustainable and meaningful items that aligned with KappaX's values. Delegates at their conferences were gifted beautifully engraved eco-conscious bamboo pen sets, plantable pencils, a branded reusable take-away cup crafted from crop waste, reflecting both innovation and environmental consciousness. Adding a touch of uniqueness was the mobile desk stand up-cycled from coconut shells, showcasing our dedication to combining functionality with sustainability.

Each item was carefully chosen with the aim of making a positive impact, not just in conferences and events, but in the wider world. Going beyond merchandise; it was a statement of shared values and a commitment to making a difference with every gift.

We didn't want to give just a gift, but wanted it to stand for our values of sustainability and giving back. As a young tech company, we are very conscious of ensuring that our ethos is right and everything we do aligns with our values.

Boxes Of Goodness immediately understood our idea and came up with the perfect concept with a range of up-cycled and purpose-driven products, representing our commitment to environmental sustainability & the circular economy. The gift they curated for us gave us memorability and brand recall, which led to positive actions being taken by the receiver, making them feel good and helping us stand out in a landscape that is over-crowded.

-- Prashanto Das, Founder,
KappaX

With 10+ years of experience in the non-profit sector & 6 years of corporate experience, our founder, Namrata Tanna launched social enterprise Cooked by Moms in 2018 & socially conscious gifting venture Boxes Of Goodness in 2022.

a note from OUR FOUNDER

At Boxes of Goodness, we are deeply committed to the idea that gifting can be a powerful tool for positive change.

We invite you to join us in celebrating the values that make this festival so special - compassion, generosity, and community.

Our curated gifting catalog is a reflection of these values. It features a range of exquisite luxury gifts, each with a unique story and a commitment to social and environmental responsibility.

With every gift you choose, you are not only delighting your colleagues, clients, and partners but also making a meaningful impact on the lives of artisans and communities across India.

Thank you for being a part of our #JourneyOfGoodness.

Best Wishes,
Namrata
